Dimock Daily Report
Date: January 23, 2012 – 4:00 PM

FIELD ACTIVITY

Water Supply (Gerald Heston)

* The ERRS contractor delivered bulk water to all 4 residents today. A daily schedule for water delivery has been established (7 days a week). While the water truck is remaining on-site to facilitate deliveries, the OSC is still investigating options for larger storage tanks.

* As previously noted, one resident's plumbing change-over has been completed.

Water Sampling (Gerald Heston)

* Both the Mobile Command Post (MCP) and the lab trailer are on-site and operational to support sampling efforts.

* Security for the command post and lab trailer is still being investigated.

* Sampling of the first scheduled home began at 1330 hours today. PADEP and Cabot were present to collect split samples.

* Two (2) homes are scheduled for sampling tomorrow (January 24); 4 are scheduled for Wednesday (January 25). Only one of the next 6 homes has agreed to split samples with PADEP and Cabot.

Community Outreach (Helen Duteau)

* Returned Dimock resident [Ex. 6 - Personal Privacy] telephone/email inquiries. Followed up by providing the Sampling Plan to her. The plan is also available on the EPA website. Also, returned hotline call from Franklin Forks Township resident [Ex. 6 - Personal Privacy] about her well situation and reviewed additional voice mail messages and emails. Forwarded pertinent site related information the OSC.

* Received a call from [Ex. 6 - Personal Privacy] who reported that a group of pro-Cabot members are in Dimock to encourage residents to sign a petition and not allow EPA to take samples. We have not been able to confirm this report.

* The Community Involvement Coordinator, Trish Taylor, plans to be on-site for the January 24, 2012 sampling event at the [Ex. 6 - Personal Privacy] to manage any media interest.
